PRESENTATION

My name is Flor, I'm the designer behind every item at Ullvuna, my brand dedicated to inspiring and promoting creativity through pin loom weaving, a portable and accessible form of weaving.

With over 16 years in the field, I've developed a wide range of products and services, most of them made on demand in the US, including weaving kits, patterns, books, video classes, coloring pages and more.

I'm the author of four books on pin loom weaving, including *100 Pin Loom Squares*, which has been translated into seven languages.

I've had the pleasure of teaching and lecturing for a variety of weaving shops, platforms, associations and guilds in the US and Canada such as Stitches.events, Schacht Spindle, MAFA, HGA, Illinois Prairie Weavers, Thousand Island Art Center, Textile Center Minneapolis, Michigan Weavers among others.

Thank you for considering my profile. I look forward to the possibility of collaborating and creating an inspiring and educational experience for your community.
