THE PIN LOOM WEAVING DESIGN HUB

Book Catalog & Price List 2026

I'm Flor, author and designer behind Ullvuna. Through my brand, I inspire and promote creativity through pin loom weaving, the portable way to weave.

I create and develop a wide range of pin loom weaving items designed to travel with you, all produced on demand in the US and shipped worldwide. My work includes pin loom weaving kits, patterns, books, and coloring pages, created to support creative weaving wherever you are.

I also teach classes, give lectures and participate in events for shops, guilds and weaving associations related to weaving..

I'm the author of the popular book 100 Pin Loom Squares, translated into seven languages and I have happily self-published four additional books, which I'm delighted to present and share with you through this PDF.

Thank you and remember, with pin loom weaving, you can truly Weave Wverywhere!
